Dear Ms. Tosti-Vasey,

I am delighted to offer you the endorsement of the Women's Campaign Forum in support of your 2008 campaign for the Pennsylvania House of Representatives. As the nation's only nonpartisan organization single-mindedly dedicated to growing the number of pro-choice women in public office, we are proud to add you to our distinguished list of endorsed candidates. Your commitment to protecting the privacy of women's personal decisions is truly outstanding.

I encourage you and your staff to be in touch with Erin Cutraro, our Director of Politics and Education, for ongoing technical assistance, referrals to professional services, and to let us know how the Women's Campaign Forum can best support your efforts. She can be reached at Erin@wcfonline.org or 202-393-8164.

I also ask that you please print, complete, sign, and return the attached endorsement acceptance form. You may return the form via email to Erin@wcfonline.org or via snail mail to the address on the acceptance form.

WCF works tirelessly to improve women's representation by empowering pro-choice women from all walks of life to become voters, activists, volunteers, and most importantly, candidates. You are a role model for women nationwide and we are proud to be part of your team. We thank you for your leadership and proudly endorse your candidacy!

Sincerely,

Ilana Goldman
President

Good luck!
